Pre-Show Forums: Oct 19, 2021

Main Show: Oct 20-22, 2021

TODAY is the Lead Retrieval app pricing deadline. Order your lead retrieval app today to get the best price possible. Lead Retrieval apps are available to scan attendee badges and collect their contact information. As a reminder, we never sell or distribute attendee or exhibitor contact information to anyone at anytime so this is the only way to collect attendee contact information.

TODAY is also the registration deadline. Currently Discounted Expo Only passes are \$199. All Discount Expo pass rates will increase after today to \$299. All exhibitors must be pre-registered prior to arriving onsite. I recommend asking your team to upload their picture when they receive their confirmation email to save time in line. There is a link at the bottom of each individual confirmation email that takes them to their Registration Dashboard - they can upload a photo directly from there.

Reminder: All badges must be picked up by the registered individual. We do not allow other people to pick up your badge. Photo IDs are required when picking up badges.

You have the option to receive Free Furniture! To order your free furnishings please complete this form and send it back to Freeman to fulfill your order:
